Notices

With the new phone system in place there will be a new way of using the phones for everyone. Everyone will have a code that will need to be put in the phone when making a phone call. How it works is: you dial the phone number you are calling, wait for a tone then enter the four digit number assigned to you. If the call goes through then the code number was correct, if it doesn't then you need to check with either Linda or Angie to get the correct number and then try again. This will help us to make sure each person is billed for their phone calls. Each family will have a code number.

Starting October 1, 2008, we will begin a new program. We have been privileged to receive a grant for the Fresh Fruits and Vegetables Program. We will have fresh fruits and vegetables available for the children free of charges. They will be available for all the children who wish to participate. We will try a variety of different fruits and vegetables so every child has the opportunity to learn what they taste like. We will have a taste table to determine what children like. When we have found what children like there will be a fruit and vegetable of the month, hopefully this will encourage children to eat more nutritious foods. We would like parents to encourage their children to participate and try all fruits and vegetables provided.

DRIVING DIRECTIONS: College View Academy (Tuesday, October 7 game) 5240 Calvert, Lincoln, NE (North side of Union College)

DRIVING DIRECTIONS: Concordia Volleyball Tournament (Thursday, October 9 game) take Highway 50 north past Sapp Brothers. It will run into 144th Street. Go on 144th Street to Q Street, go west on Q Street from 144th to Divine Shepherd at 150th and Q.

ATTENTION: The math department is missing 4 calculators that were purchased new this summer. They are clearly marked with math room and a number on them. The numbers that have turned up missing are: #3, #8, #9 and #10. Until they are returned to the math room, there will be NO CALCULATORS allowed in the math room for anyone. They can be turned in to Mr. Knaak, Mr. Parks or the offices. No disciplinary action will be taken if they are returned, but when all are returned, the students will again be allowed to use calculators for their assignments.
