**Title I Meeting:** Monday, March 9, 2009 at 7:00 p.m., Title I is a federally funded program for schools. It helps students that are farthest from meeting the standards the state has set for all children. Parents' influence their child(ren)'s education more than any teacher or school. Parent involvement not only boosts their child(ren)'s achievement, but by taking an active role in their education, it shows them how important he/she is, how important education is and that you and the school are a team. The No Child Left Behind Act encourages parents to take an active role in their child(ren)'s education. The law requires parent participation in developing programs, activities and procedures. In order to fulfill this requirement, the school is holding a meeting to develop a parent, teacher, and student compact. It will be held on March 9<sup>th</sup> at 7:00 p.m. in the Library.
